This form is necessary in order to maintain a current roster of potential IB students so we can anticipate enrollment for future staffing and master schedule. It is also needed for counselors so that they can ensure the students take appropriate preparatory courses required for the IB program in grades 11 and 12.

If there has been any change in the discipline status of a potential IB student, such change may result in the reconsideration of the student's acceptance into the program. It is the parent's responsibility to notify the district immediately of any such change.

Please note: All transfer students need to renew their IB application in order to remain at Granite Bay High School. They must enroll in a minimum of three IB courses in grades 11-12 and demonstrate good academic progress.

I hereby request to renew my admission to the IB program for the 9<sup>th</sup> or 10<sup>th</sup> grade: Diploma or Certificate (circle one)

I certify that all of the information provided herein is complete and accurate. The signatures below also affirm that the student meets the Ten-Point Personal Criteria List included on the RJUHSD application. I understand that false information may jeopardize my participation in the program at GBHS.
